

5. READING INTERMEDIATE HIGH SCHOOL

February 2018

The building is buzzing with conversations regarding the 9th grade move and the recent memo regarding transfer intentions. An upcoming meeting at RHS will be held. Members are reminded to complete a transfer request by the noted date. We thank the REA President for her negotiations in helping to make this move logical, thoughtful, and organized.

At the recent building meeting, members discussed changing the monthly building meeting day and time. A survey will be created and completed to determine a better day and time. If the survey indicates a better meeting time, then the remaining meeting dates will be changed.

Members are reminded to make sure to have current lesson plans available as walk-throughs return. Also, post the agenda and objectives daily.

Members are also being asked to help or present at the upcoming Family Night in February. This is the first of several nights our school is reaching out to parents and the community. Members will be paid for their time as this does not fulfill the eight hour duty time.

Respectfully submitted,

Desiree Wagner
