**Strong. . . Determined. . . United** are the words to describe our union.

I want to THANK all the reps for notifying the nonmembers in their building. If you have not done so, please take a few moments to introduce yourself to your nonmembers and tell them why you are a member. Remember, there is strength in numbers and as you can see, you are not alone.

Fair share has begun for those teachers who are NOT members. Please advise them that money is being taken out, but they are NOT part of the union. Remind those teachers that it's never too late to join.

It pays to belong! \$2,500 in up-front money to retain a criminal defense attorney for any investigation or charges related to employment. (CHILDLINE) Fair share does NOT have this benefit.

Respectfully Submitted,

*Denise Solecki*
