

9. REA Elementary Special Services Report

January 2018

Special Education-

If a program coordinator meets with you unannounced and you feel it is, or may become, disciplinary in nature, please stop the meeting and request that a REA building rep. is present in order to continue. I want to be notified if this occurs. The program coordinators want to work with us and not make anyone feel they are doing anything wrong.

Please do not put any student information in any correspondence with the REA. (e-mails, copies of emails, notes from meetings, etc.)

Progress Monitoring- Dates for each quarter will be announced ASAP. Chrissy Murrin was working on it over break and trying to open it a little longer so we have time to input our data. Progress monitoring is an ongoing process and should be done throughout the school year and not just at the end of a quarter.

Policies/Procedures- New policies and procedures have been presented at PD and if you have any concerns please discuss them with your principals. If you feel that they haven't addressed your concerns, I would be happy to help you or direct your question to someone in the Special Ed Department.

PASA: Program Coordinator working on PASA is Rene Reese

If a student was exited from ESL, you will still need to complete an ellevtaion progress report for 2 years after they are exited. This will provide information to support the student being exited or the need for more ESL services.
