

# Middle School Officer's Report

September 12, 2019

If building issues can not be handled between building Reps and administration, please contact the correct building officer in a timely manner.

Please try to understand that building administration has their hands tied. No matter how many times they ask, central admin is the party that must react. We truly understand that this is frustrating, but it is the nature of the beast. Any major safety concerns should go directly to the building principal first. We can't push from our end if administration is unaware of the issues.

Please feel free to contact either of us if you have any questions or concerns along this bumpy road that we are calling the 2019 – 2020 school year.

We both look forward to working hand in hand with each of you.
