

REA Membership Report December 2019

Denise Solecki

Assistant Treasurer/Membership

As this year is ending, I would like to take this opportunity to thank the Reps for keeping the new teachers in your building informed and giving them the necessary material to join our union. As 2020 approaches we once again will have many new teachers being hired.

- ❖ Keep in mind if you drop your membership, you lose out on all your benefits. Upon rejoining the association, you would have to wait one full year for legal services, liability insurance, etc.

Remember when you move, change your phone number, or change your marital status you need to send those changes to the Human Relations office at the Ad building. That information is then relayed to the REA office and updated for our records. Accurate information results in receiving your REA and PSEA materials in a timely manner. Or better yet just update them yourself by going on to the PSEA web site.

Happy Holidays to all and to all a wonderful vacation!

Currently to date we are 1125 members strong.

Respectfully submitted,
Denise Solecki
