

NTPE Officer Report

January 2022

- Attended 8 meetings of the REA Executive Officers in December which included SAC and Rep Council.
- As stated in December NTPE report, working on creating a list of all REA members that fall under the NTPE category. A list of School Counselors, Social Workers, Home and School Visitors, Nurses, and School Dental Hygienists is available through the Student Services Department. A meeting with Rebecca Titus to verify the REA members from this list will be scheduled. However, a formalized list of NTPE members still needs to be developed. (I did receive a handful of people who notified me of their positions and locations throughout the district).
- The main issues for the NTPE members that were brought to my attention thus far have been caseloads (inequality), section 30's, being pulled to cover classes without getting compensated every time, time pass contracted hours, volunteering versus getting paid for work outside job responsibilities, and transfers within the departments.
- My plan is to make every attempt to get a meeting (or several meetings) with the NTPE members by the end of January. My concern is that there are many issues for our NTPE members that have not been addressed for a long time.
- Please support members going first to their building rep's and then to me if the issue cannot be handled at the building level.

Respectfully submitted,

Jennifer L. Oakes-Cruz
