

## NTPE Officer Report

February 2022

- A list of all NTPE members was created with the help of Dana Gerhart, REA membership officer and Rebecca Titus. There are a total of 113 possible members (Social Workers, School Counselors, Home & School Visitors, Nurses, Dental Hygienists, Psychologists, Speech Therapists) as of today (not including the new hires for February and the staff who are leaving the district in February). Of the 113 possible members there are 94 who are members of the REA and 19 who are not members.
- Since several of the non-members are newer staff. My plan is to create a process so that all new staff are introduced to REA by not only the reps in the building but also myself as the officer for NTPE. I will be working on this in February.
- This week I will be sending out notifications to NTPE members to hold google meetings the next 2 weeks. I will be meeting with each department individually to see how I can best serve them. Please encourage your building members to attend.
- For SAC on 2/2/22 I placed an agenda item of caseloads for all NTPE members.

Respectfully submitted,

Jennifer L. Oakes-Cruz
