

November2022

Special Services Secondary Report

Jeremy Lowther

Email: Lowtherj1156@comcast.net

Cell after 3:00pm (emergency only): 484-769-9484

School extension 7:30-3:00pm (emergency only) x81378

Child Count: All documents due prior to 12/9/22, including all IEPs, invites, and Noreps must be finalized by November 11th. No new documents should be opened prior to 12/9/22. Any questions reach out to your program coordinator.

FTEs: If you have an FTE over 1 please reach out to me or Chrissie so this can be addressed. FTEs should be at 1 or below.

Middle School Interventions: Chrissie and I have met with North East and North West Middle, we are waiting on meetings to be set up with building principals to discuss how interventions can be implemented with fidelity. Only the building admin should cancel interventions because they are assigning you somewhere. Make note of which kids did not receive their interventions that day for your records. We should not be cancelling interventions to do paperwork or hold IEP meetings.

The first meeting with the special ed admin team focused mostly on the MOU, we are in the process of setting up another meeting in November to address other concerns. Please email me or Chrissie with concerns we can add to our agenda.

I would be more than happy to attend all building meetings to address any special ed issues, please send me an email when your meetings are, and I will do my best.

Jeremy
