Main Campus: Monthly Building Meetings are held the Second Thursday of each month at 3:00 in the LGI Room. We will hold them in-person and, concurrently, virtually. If you are participating in the meeting virtually, please only listen if you are driving.

If you have a concern, you should contact a building rep first, if it needs to be escalated the rep will reach out to me, and I will contact Rebecca if needed.

During this time of technology use be careful who you are emailing and what you are writing. It is also not your job to police fellow members, and under no circumstance should you be calling out fellow members and CC an administrator in an email. If you are having an issue with a fellow member, contact myself or a rep first.

Safety is a continued concern. If you are experiencing unsafe conditions, please email an administrator. If it is something that is happening on camera, be sure to CC the camera room so it can be found on video. The more members that do this will help to show the current conditions of our building and create a paper trail. Feel free to CC me also on any communication so that a record can be kept.

Section 30 pay should be continued to be paid out every two weeks. I have a copy of spreadsheet to keep tract if you would like to use it. Email me and I can send you a copy.

Observations are in full swing. Make sure you have your lesson plans completed up to the contract minimum (3 full, 2 skeletal). If you feel like you need a rep in your post observation meeting, feel free to reach out!

Respectfully Submitted,

Brian Benkert
