If you have been told by admin you must stay beyond your contractual time because busses are late, please reach out, this is unacceptable. You need to be offered compensation to stay or be permitted to end your day on time.

Now that the MOU is in full swing I would like to hear from members who took on additional caseloads about how things are going, will you be willing to do it again, etc. I can be reached at the email above.

You can run an FTE report to make sure your caseload is correct by going to cognos reports(just like you do for a simple caseload) and selecting FTE report instead. Your total FTE will be at the bottom.

As always let me know if you would like me to attend any of your building meetings or answer any specific questions.

Have a Fabulous February!!!!

Jeremy
