Cell (anytime): 484-459-0112

Main Campus:

The monthly Building Meeting will be on 4/20 at 3:00 in the LGI Room. We will hold them in-person and, concurrently, virtually. If you are participating in the meeting virtually, please only listen if you are driving.

Passes are only good for 15 minutes. Per Mr. Alvarado, if a student reports to class 15 minutes after the pass was issued or no pass at all after 15 minutes, please call security to have the student removed to ISS.

Per Mr. Schupp, the heat was turned off in the building on 4/11. It will take a couple days for rooms to cool off but if you don't see a change by next week email Mr. Schupp and CC me.

Safety is a continued concern. If you are experiencing unsafe conditions, please email an administrator. If it is something that is happening on camera, be sure to CC the camera room so it can be found on video. The more members that do this will help to show the current conditions of our building and create a paper trail. Feel free to CC me also on any communication so that a record can be kept. **Major issues call the all call number.**

If you are called into a meeting with an administrator, please have a rep with you. It seems like admin is trying to meet with members without letting the union know, don't be taken advantage of.

RKAA:

As a reminder, make sure you are submitting your daily attendance. There has been a couple issue of people in the building that don't belong, taking attendance will help to discourage this.

Any maintenance issues continue to email the custodian and CC you rep. Just be careful and mindful what you are putting in the email.

Building meetings: City line 4/18 @ 4:20 Thomas Ford 4/18 @4:20

Respectfully Submitted: Brian Benkert
